BTW. I had written authorization for the television. Whomever is feeding you your information is a bit wrong on several issues.

Is this an official communication about the criminal investigation you admitted to being assigned to conduct of Gary Norton and Art McKoy that you stated the police chief ordered you not to investigate? it's been well over two years since I filed my uninvestigated criminal complaint.

The Tattler is a very interesting publication that I openly admit to thoroughly enjoying. 58 does make me kind of old. LOL. Friend? That's a bit loose. You were, however, a decent employee aside from the two insubordination incidents in which you were involved. That's why I allowed you to be assigned to the detective bureau. As I recall, residents didn't criticize you for being disrespectful or for violating their rights. Hope you still have the same mindset. I am, however, disappointed that law enforcement officers such as yourself have helped cover-up crimes committed by elected officials and public employees. It doesn't speak well for your integrity, your respect for the law and says volumes about the criminal mindset of those who employ you, including a chief of police whose law enforcement career will end in disgrace in East Cleveland.
